August 17, 2007

Dear Career and Technical Education Supporter:

Western Maricopa Education Center #402 is a title sponsor for the *Sky's the Limit* CTE Career Expo. Please make all donations to us. West-MEC will be the school district acknowledging these donations for your tax deductions.

Western Maricopa Education Center (West-MEC) is not a 501c-3 organization --- no public school district is a 501c-3 organization. However, the giver may receive a tax deduction for the donation since all public school districts are "government subdivisions" and as such may receive donations for support of various activities and the giver may receive a tax deduction for such donations.

Any person, company or organization may donate to a public school district. All donations must be identified as to the purpose or must be stated how the donation shall be used or what service was provided to the district and the value of such service, equipment, materials, or in-kind services. **The donor sets the value of such donations. The Governing Board of the district receiving such donations will acknowledge the donations in writing for the donor to use for tax purposes.**

Please contact me directly with additional questions or concerns. Thank you for considering a donation to help make *The Sky's the Limit* CTE Career Expo 2007 a success.

Sincerely,

A handwritten signature in blue ink that reads "Gregory J. Donovan".

Gregory J. Donovan
Superintendent, West-MEC
